Changing Societies –
Some Are More Equal
Than Others

Workshop

July 11 - 12, 2017

The WZB Berlin Social Science Center and the Fondation Maison des sciences de l'homme (FMSH) host the workshop „Some Are More Equal Than Others”, which launches the second year of the Franco-German research program “Changing Societies”.

The “Changing Societies” program encourages the intercultural and interdisciplinary scientific exchange and aims at strengthening the Franco-German research perspective. After a successful first year, the opening workshop of the second program year is an opportunity to further develop ongoing projects, advance research ideas for future studies, and to initiate new collaborations and reinforce the Franco-German network.
